

# FIGHT THE BITE

## PREVENT WEST NILE VIRUS

**APPLY  
BUG REPELLENT**

**DRAIN  
STANDING WATER**

**REPAIR  
TORN SCREENS**

**BEWARE DURING  
DUSK & DAWN**

**FightTheBiteCookCounty.com**

Cook County  
Public Health

**BUILDING  
HEALTHIER  
COMMUNITIES**

Sponsored by Cook County Department of Public Health. Made possible with funding from the Illinois Department of Public Health.

## APPLY INSECT REPELLENT

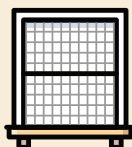

Use EPA-registered repellent containing:

- 20% to 50% DEET on adults
- 20% to 30% DEET on children

## DRAIN STANDING WATER

Check the outside of your home and get rid of any items that may hold water, such as old tires, flower pots, buckets or bottles.

## REPAIR TORN SCREENS

Be sure screens in homes are in good repair and tight-fitting without gaps.

## BEWARE DURING DUSK & DAWN

Limit time outdoors when mosquito activity is heaviest (dusk to dawn).
